SHREE SHYAM INDUSTRIES

SCAFFOLDING & FORMWORK SYSTEMS

ABOUT US

At SSI, we are building more than scaffolding and formwork systems – we are building the foundation for safer, faster and more efficient construction across the globe.

Headquartered in Ludhiana, Punjab (INDIA), we are an emerging manufacturer specializing in high quality scaffolding and formwork solutions engineered to meet international standards. With a strong focus on precision manufacturing, durability and safety, our products are designed to support modern construction demands across infrastructure, commercial and industrial projects.

Our manufacturing approach combines advanced technology, skilled craftsmanship, and rigorous quality control. Every component we produce reflects our commitment to reliability, consistency and performance under demanding site conditions. From adjustable base Jacks and system scaffoldings to modular formwork and custom – engineered solutions, we offer a comprehensive range tailored to client requirements.

At the core of our operations is a deep understanding of global sourcing and supply chain expectations. We aim to become a trusted partner for contractors, distributors and importers worldwide by delivering competitive pricing, dependable lead times and uncompromising quality.

SHREE SHYAM INDUSTRIES

SCAFFOLDING & FORMWORK SYSTEMS

OUR VISION

To be a globally recognized manufacturer of scaffoldings and formworks systems known for quality, innovation and customer trust.

OUR MISSION

To deliver safe, reliable and innovative scaffolding solutions that meet global construction needs.

OUR CAPABILITIES

Full range of scaffolding / formwork systems and accessories, custom manufacturing, global export expertise and advanced quality controlled production.

SHREE SHYAM INDUSTRIES

SCAFFOLDING & FORMWORK SYSTEMS

QUALITY POLICY -

We are committed to delivering safe, reliable, and compliant scaffolding and formwork solutions that consistently meet the expectations of our customers globally.

Our quality philosophy is to build on engineering excellence, regulatory compliance and continuous improvement ensuring that every product we manufacture contributes to safe and efficient construction practices.

OUR KEY COMMITMENTS -

1. COMPLIANCE WITH EUROPEAN AND INTERNATIONAL STANDARDS -

We strictly adhere to applicable standards including:

- EN 12810 / EN 12811 (Scaffolding Systems)
- EN 74 (Couplers)
- EN 1065 (Adjustable Props)
- ISO standards and customer specific technical specifications.

2. PRODUCT SAFETY & STRUCTURAL INTEGRITY -

We ensure all the products are designed and manufactured to meet load-bearing capacity, dimensional accuracy, and durability requirements, verified through testing and inspection.

3. ROBUST QUALITY CONTROL SYSTEM (ISO 9001 : 2015 ALIGNED)

We maintain a strong quality management system that includes:

- Incoming raw material testing (steel grade, chemical and mechanical properties)
- In - process inspections (cutting, threading, welding, galvanizing)
- Final Inspection (dimensions, finishing, load testing where applicable)
- Traceability of batches and materials

4. ON-TIME DELIVERY & CUSTOMER SATISFACTION -

We ensure reliable delivery schedules and responsive communication, building long-term partnerships with importers, distributors and construction companies.

OUR OBJECTIVE -

To be recognized as a trusted global supplier of scaffolding and formwork systems, known for quality, compliance, safety and reliability.

SHREE SHYAM INDUSTRIES

SCAFFOLDING & FORMWORK SYSTEMS

Infrastructure:

At Shree Shyam Industries, our manufacturing strength is built on a robust and modern infrastructure that enables us to deliver high quality scaffolding and formwork solutions to clients across the globe. Our facilities are strategically designed to ensure efficiency, precision, scalability and consistent quality.

Manufacturing Facility:

Our state of the art manufacturing unit is equipped with advanced machinery and technology to produce a wide range of scaffolding systems and formwork components.

Key Highlights :

Large scale production capacity to meet bulk international orders

Well organized shop floors to seamless work flow

Dedicated zones for cutting, forming, welding and finishing

Lean manufacturing practices to reduce waste and improve efficiency

Machinery & Equipment:

We utilize advanced machinery to ensure precision and consistency in every product we manufacture.

Our Machinery includes :

- > CNC Pipe Cutting Machines
- > Automatic Welding Machines
- > Thread Rolling Machines for Base Jacks
- > Press Brakes and Bending Machines
- > Shot Blasting Units
- > Paint & Galvanizing Facilities

Testing Capabilities:

- ✓ Load testing for scaffolding systems
- ✓ Tensile strength and material testing
- ✓ Dimensional accuracy checks
- ✓ Surface coating thickness testing
- ✓ Pre-dispatch inspection protocols

SSI-301

HOLLOW SCREW JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Plate Size	: 150×150×5, 150×150×6mm
Jack Nut	: Casted and Forged

SSI-302

SOLID SCREW JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Plate Size	: 150×150×5
Jack Nut	: Casted and Forged

SSI-303

SWIVEL SCREW JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Plate Size	: 150×150×5, 150×150×6mm
Jack Nut	: Casted and Forged

SSI-304

U-HEAD JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Plate Size	: 150×100×75×5, 115×100×50×5mm
Jack Nut	: Casted and Forged

SSI-305

FORKHEAD JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Plate Size	: 150×150×5
Jack Nut	: Casted and Forged

SSI-306

UNIVERSAL JACK

Thread	: 4TPI
Tube OD	: 32, 34, 38 mm
Length in mm	: 300, 500, 600, 800 & 1000
Jack Nut	: Casted and Forged

SSI-307

ADJUSTABLE SCREW JACK WITH FLOWER PLATE

Thread	: 38×4
Plate Size	: 150×150×5/6 mm
Length in mm	: 300, 500, 600, 800 & 1000
Jack Nut	: Casted and Forged

ITALIAN PROPS

Product Description	:	Italian Prop
Outer Tube	:	56*1.8 mm
Inner Tube	:	48.3*1.8 mm
Plate Size	:	120*120*4 mm
Material	:	S235, S355

Item Code	Length in Mtr.
SSI-401-A	1.5-2.0m
SSI-401-B	1.7-2.5m
SSI-401-C	2.0-3.0m
SSI-401-D	2.5-4.0m

MEDIUM DUTY PROP

Product Description	:	Medium Duty Prop
Outer Tube	:	60*3.0mm
Inner Tube	:	48.3*3.2 mm
Plate Size	:	120*120*5 mm
Material	:	S235, S355

Item Code	Length in Mtr.
SSI-402-A	1.5-2.0m
SSI-402-B	1.7-2.5m
SSI-402-C	2.0-3.0m
SSI-402-D	2.5-4.0m

HEAVY DUTY PROP

Product Description	:	Heavy Duty Prop
Outer Tube	:	60*3.2 mm
Inner Tube	:	48.3*3.2 mm
Plate Size	:	120*120*8 mm
Material	:	S235, S355

Item Code	Length in Mtr.
SSI-403-A	1.5-2.0m
SSI-403-B	1.7-2.5m
SSI-403-C	2.0-3.0m
SSI-403-D	2.5-4.0m

SPANISH PROPS

Product Description	:	Spanish Prop
Outer Tube	:	48*1.6/1.8 mm
Inner Tube	:	40*1.6/1.8 mm
Plate Size	:	120*120*4 mm
Material	:	S235, S355

Item Code	Length in Mtr.
SSI-404-A	1.5-2.0m
SSI-404-B	1.7-2.5m
